Academic Year: 2016-17

B. Tech Computer Science & Engineering

Date: 30/05/2017

The points were discussed on the basis of the feedback received and the following actions were taken to resolve the recommendation of the stakeholders:

S.No.	Recommendations	Action Taken
1.	Implementation of CBCS system.	CBCS system is an initiative of University Grants Commission (UGC), which enhances and promotes educational liberalization of existing conventional higher education models. Choice based credit system (CBCS), provides a learning platform wherein the student or knowledge seeker has the flexibility to choose their course from a list of elective, core and soft skill courses. This is a student-centric approach to learning or acquiring higher education. To meet with the CBCS implementation, First year only the CBCS system was implemented from upcoming semester
2.	Value Added Course to improve Technical Skills must be introduced.	Value Added Course- Red Hat system administration -I, Oracle-Database 11g-Advance PL/SQL for 1 st to 4 th year.

3.	Revision of syllabus	Revision of syllabus has to be carried out for the subjects Object Oriented Programming (TCS-301), Data Structure (TCS-302), Logic Design (TEC-303), Object Oriented Programming Lab (PCS-351), Engineering Chemistry (TCY-101)/(201), Environmental Studies (TES-101)/(201), Basic Electrical engineering (TEE-101)/(201), Computer concepts and Programming – I (TCS-101), Basic Technical communications (THU-101), Computer Added Engineering Graphics Lab (PEG-101)/(201), Engg. The suggestions obtained from the key stakeholders were thoroughly discussed in length and the following actions were taken to enrich the curriculum the M.Sc. Agriculture (Plant Pathology):

S. No.	Recommendations	Action Taken
1.	There should be specific emphasis on research work in the Master's Thesis.	This has already been approved by BOS of M.Sc. Agriculture (Plant Pathology) degree programme. Each student will be offered a course on "Synopsis, Research Work & Thesis (MSAGP-599)" during the 4 th semester. However, as per requirement of research work a student can start his/her research in first year also.
2.	There is need to engage the PG student in seminar activity.	BOS of M.Sc. Agriculture (Plant Pathology) degree programme has already been approved a course "Seminar (MSAGP-591)" in semester-3 rd . Moreover, these students will compulsorily attend all the seminar, workshop, conference, etc. will be organised in the department during their course programme.
3.	Separate field should be allocated for PG students.	Depart has accepted the recommendation.
4.	Value added courses to improve contemporary knowledge on Plant Quarantine may be introduced.	Value added courses on "Plant Quarantine and Inspection in India" has prepared and accepted to propose in BOS of M.Sc. Agriculture (Plant Pathology) degree programme.
